

Younger face for joint chamber

THERE was only one big change to the board of the Gold Coast Combined Chamber of Commerce after last week's annual meeting.

New Surfers Paradise president Laura Younger was 'ambushed' into taking on the role of treasurer (but knowing her, she'd still have that great smile on her dial).

Former long-time secretary Bob Janssen declined the position due to an increasing workload, but retains his role as media relations officer and official spokesperson for the chamber.

John Preston was re-elected as president, Barry McNamara as vice-president and Tony White as secretary.
